Our Students Take on BizTown!

Several of our classes have had the opportunity to participate in the Junior Achievement program

this year through the help of amazing community volunteers who visited classrooms and taught students about financial literacy, careers, and real-world skills.

One of the biggest highlights of the program was our 4th and 5th grade students' trip to BizTown! At BizTown, students stepped into the roles of business owners, employees, bankers, and citizens in a simulated town. They worked together to run businesses, manage money, make decisions, and experience what it takes to keep a community running successfully.

The BizTown experience gave students a fun, hands-on way to apply

what they learned in the classroom while building teamwork, communication, and leadership skills. We are thankful for our Junior Achievement volunteers and partners who helped make this meaningful experience possible for our students!
